

Position Title: *Community Living Supports (CLS) Provider*

Summary of Responsibilities:

Employees are responsible for providing one on one community living support services (CLS) to individuals served by Ready For Life Academy. Employees are expected to work alongside clients and help them to achieve their goals predetermined by their Person-Centered Plan as well as assist them in daily living skills within the client's home or in the community. Expectations and goals vary per client. Goal categories include home maintenance, cooking, socialization, and personal safety. For example, an employee may transport a client to the grocery store and support them in finding everything on their list while ensuring that they are developing and exercising the proper socialization skills within the store.

Typically shifts last 2-4 hours and the schedule is consistent throughout the semester. Staff must complete documentation paperwork after each shift. There are several required online trainings and one in person training that staff must complete before working with clients. Staff are also trained by their supervisor and receive support from them throughout the semester. For more information on Ready for Life Academy visit <http://www.rflnetwork.org>.
